

## Product Information

# Paintable Silicone #40 Moulder Lubricant

Formulated for Wood Molders and Planers...will not interfere with paintability

*Paintable Silicone #40 Moulder Bed Lubricant provides slide on molder beds but will not interfere with paintability.*

**Paintable Silicone #40 Moulder Bed Lubricant** is made specifically for the furniture and wood working industry for use as a bed lubricant for Molders, Planers & Shaping Machinery. The fluid is clear, colorless, and essentially odorless with a viscosity close to water.

**Paintable Silicone #40 Moulder Bed Lubricant** is formulated with an Organo-modified silicone. Unlike conventional PDMS Silicone, it does not interfere with paintability. After being applied to the moulder bed, wood can be painted, glued, or stained without fisheyes or problems with finish. A fine mist is all that is required to prevent sticking and keep materials moving freely.

**Paintable Silicone #40 Moulder Bed Lubricant** is also used on Blades, Knives and Saws. This reduces friction, providing a better cut and prolonging the life of the equipment. **Paintable Silicone #40 Moulder Bed Lubricant** is clear, colorless, and odorless with a viscosity of water. It is easily applied with a hand sprayer.

### Features

---	--

Spray molder to provide better cut.

Prevents sticking & reduces friction.

### Properties

Product Code	PS#40
Form	Liquid
Appearance	Clear-Colorless
Color Stability	Excellent
Resistance to Degradation	Excellent
Solubility	Oil Soluble: It is Not Water Soluble
Availability	5-gallon cube or pail 55-gallon drums
Flammability	HMIS Rating 2

### CAS Information

Petroleum Solvent.....	CAS-64742-48-9
Organo-Modified Silicone.....	CAS-68037-76-3

### Packaging

5-gallon cube.....	18.9 liters
55-gallon drum.....	208 liters
FOB Phila, PA U.S.A.
