Product Information

Re-positionable Adhesive Spray for Screen Printers & Embroiderers

20 fl. oz. (13 oz. net wt.)

Clearco Mist Adhesive Spray 600 is a **Clear, Pressure Sensitive** adhesive that **Does Not Stain**. It provides **Quick Tack** & will remain **Pressure Sensitive for a long time**. Mist 600 is ideal for Temporary Positioning of Appliques, Holding Cutting Patterns in place, & Silk Screen-Printing of T's

The Spray Pattern is extremely reliable. The entire contents of the can be sprayed without the nozzle clogging.

FEATURES

- | | |
|--|--|
| <ul style="list-style-type: none">• Fast Tack• Remains Pressure-Sensitive | Re-positionable Non-Staining Dependable |
|--|--|

Keeps material in place during screen-printing.

Use for temporary positioning of appliques and cutting patterns.

APPLICATIONS

Silk Screen:

Apply light spray to the pallet. This holds material in place so that material will not shift during printing. One application is suitable for multiple printings.

Appliques:

Spray fine mist on Applique or Lettering. Position in place and sew. Clearco Mist 600 provides just enough tack so that the material will not shift and needles will not clog.

Cutting Room:

Spray pattern to prevent shifting. Mist 600 will not stain. Lightly spray the edge of the cut material to prevent raveling.
