SECTION I: IDENTIFICATION OF THE SUBSTANCE & COMPANY

Product Name: Clearslip#2 Silicone Lubricant
Product Code: CS#2
Made by: CLEARCO PRODUCTS CO. INC.,
15 York Road
Willow Grove, PA 19090 U.S.A.
Telephone No:  001 215 366-7860
Fax No:   001 215 366-7862
E-mail: info@clearcoproducts.com
Website: www.clearcoproducts.com
Emergency Telephone: CHEM TEL:  1-800-255-3924 (DOMESTIC)
+01-813-248-0585 (INTERNATIONAL)

General Description: Silicone Fluid, Polydimethylsiloxane dispersed in an isoparaffinic solvent
Physical Form: Liquid
Color: Colorless
Odor: Characteristic Odor

HMIS Ratings:
FLAMMABILITY  2      REACTIVITY        HEALTH     1

SECTION II HAZARDOUS INGREDIENTS/IDENTITY INFORMATION

Potential Health Hazards:
EYE CONTACT: Slightly irritating but does not injure eye tissue.
SKIN CONTACT: Low order of toxicity
Frequent or prolonged contact may irritate and cause dermatitis.
Skin contact may aggravate an existing dermatitis condition.
INHALATION: High vapor/aerosol concentrations are irritating to the eyes and the respiratory tract. May cause headaches, dizziness, anesthesia, drowsiness, unconsciousness, and other central nervous system effects, including death.
INGESTION: Small amounts of this product aspirated into the respiratory system during ingestion or vomiting may cause mild to severe pulmonary injury, possibly progressing to death.
Minimal toxicity.

SECTION IV FIRST AID MEASURES

FIRST AID MEASURES
Medical Conditions Aggravated: Skin contact may aggravate existing dermatitis.

Primary Routes of Entry: Inhalation, Eye, Skin contact & Ingestion

Health Hazards: Health studies have shown petroleum solvents to have variable risks among individuals. Therefore exposure to liquids, vapors, mist and fumes should be minimized.

First aid procedures
Skin contact: Flush with cool water. Wash with soap and water. Obtain medical attention if irritation persists.

Eye contact: Flush with cool water for at least 15 minutes with eyelids open. Remove contact lenses, if applicable, and continue flushing. Obtain medical attention if irritation persists.

Inhalation: Remove to fresh air. Get medical attention if ill effects persist.

Ingestion: Do not induce vomiting. Contact a physician immediately.

Medical Conditions Generally Aggravated by Exposure: Not Determined

SECTION V  FIRE FIGHTING MEASURES

Flash Point: (Method Used)  Closed Cup 131°F
Flammable Limits:  LEL: 0.7  UEL: 5.3 @ 77°F

General Hazard
Combustible liquid can form combustible mixtures at temperatures at or above the flashpoint. Static Discharge, material can accumulate static charges, which can cause an incendiary electrical discharge. “Empty” containers retain product residue (liquid and/or vapor) and can be dangerous. DO NOT Pressurize, cut, weld, braze, solder, drill, grind, or expose such containers to heat, flame, sparks, static electricity, or other sources of ignition; THEY MAY EXPLODE AND CAUSE INJURY OR DEATH. Empty Drums should be completely drained, properly bunged, and promptly returned to a drum reconditioner, or properly disposed of.

Fire Fighting
Use water spray to cool fire exposed surfaces and to protect personnel. Isolate “fuel” supply from fire. Use foam, dry chemical or water spray to extinguish fire. Avoid spraying water directly into storage container due to danger of boilover. This liquid is volatile and gives off invisible vapors. Either the liquid or the vapor may settle in low areas or travel some distance along the ground or surface to inanition sources where they may ignite or explode.

Decomposition Products Under Fire Conditions
No Unusual

Special Fire Fighting Procedures: Avoid hard water streams

SECTION VI  ACCIDENTAL RELEASE MEASURES

Spill Response: Contain spill immediately - Scoop up excess if possible. Use absorbent clay or sand for remaining material. Ventilate area if indoors.

CERCLA: If this product is accidentally spilled, it is not subject to any special reporting under the requirements of the Comprehensive Response, Compensation, and Liability Act (CERCLA). We recommend you contact local authorities to determine if there may be other local reporting requirements.

SARA TITLE III: Under the provisions of Title III, Sections 311/312 of the Superfund Amendments and Reauthorization Act, this product is classified into the following hazard categories: Delayed Health, Fire.

SECTION VII  HANDLING & STORAGE

Use with adequate ventilation. Avoid eye contact.
Use reasonable care and store away from heated surfaces or ignition sources.

Keep container closed. Handle and open containers with care. Store in a cool, well-ventilated place away from incompatible materials. Materials will accumulate static charges, which may cause an electrical spark (ignition source). Use proper bonding and/or grounding procedures. DO NOT pressurize, cut, heat, or weld containers. Empty product containers may contain product residue. DO NOT Reuse empty containers without commercial cleaning or reconditioning.

Other Precautions: Avoid breathing vapors. Avoid prolonged and repeated contact with skin

OSHA HAZARD: COMBUSTIBLE

SECTION VIII  EXPOSURE CONTROLS/PERSONAL PROTECTION

Ventilation: Local Exhaust - Preferred with face velocity 60 ppm
Special: Use with adequate ventilation
Other: Avoid sparks or open flames in area of use
Respiratory Protection: Hot vapors in a confined area - wear hydrocarbon vapor canister breathing mask.
Protective Gloves: Use vinyl or rubber gloves when handling product.
Eye Protection: Goggles.
Other Protective Equipment: Normally not needed.
Work Practices and Controls: Normal Precautions.

SECTION IX  PHYSICAL & CHEMICAL PROPERTIES
Boiling Point: Initial 350°F
Specific Gravity (H2O=1): 0.76
Vapor Pressure (mm Hg) @ 25°C: 33
Vapor Density (Air = 1): 5.4
Evaporation Rate (Butyl Acetate = 1): <0.1
Melting Point: Less Than 0°F
Solubility in Water % by Wt, Negligible
Appearance & Odor: Clear colorless liquid with a mild hydrocarbon odor
Viscosity @ 25°C: 1.9cSt

SECTION X  STABILITY & REACTIVITY

Stability: Stable
Conditions to Avoid: NONE
Hazard Polymerization: Will Not Occur
Incompatibilities: Strong Oxidizing Materials
Hazardous Decomposition: NONE

SECTION XI  TOXICOLOGICAL INFORMATION

Special Hazard information on components: No known applicable information.

SECTION XII  ECOLOGICAL INFORMATION

Environmental effects: Not available
Aquatic toxicity: Not available
Persistency/degradability: Not available
Bioaccumulation/accumulation: Not available
Partition coefficient: Not available
Mobility in environmental media: Not available
Chemical fate information: Not available

SECTION XIII  DISPOSAL CONSIDERATIONS

Waste codes: Not available
Disposal instructions: Review federal, provincial, and local government requirements prior to disposal
Waste from residues/unused products: Not available
Contaminated packaging: Not available

SECTION XIV  TRANSPORTATION INFORMATION

DOT:
DOT PROPER SHIPPING NAME: COMBUSTIBLE LIQUID n.o.s. CLASS Comb Liquid, NA 1993, III
Note: In containers of 119 gallons capacity or less, this product is not regulated by DOT.

IATA:
IATA Identification Number: UN 1993
IATA Proper Shipping Name: Flammable Liquid N.O.S.
IATA Hazard Classification: 3
IATA Identification Number: UN 1993
IATA Packing Group: III
Technical Name: (Naphtha, Solvent)

IMDG:
IMDG Identification Number: UN 1993
IMDG Proper Shipping Name: Flammable Liquid N.O.S.
IMDG Hazard Classification: 3
IMDG Identification Number: UN 1993
IMDG Packing Group: III
Technical Name: (Naphtha, Solvent)

SECTION XV  REGULATORY INFORMATION

CERCLA: If this product is accidentally spilled, it is not subject to any special reporting under the requirements of the Comprehensive Response, Compensation, and Liability Act (CERCLA). We recommend you contact local authorities to determine if there may be other local reporting requirements.
EPA SARA TITLE III: Under the provisions of Title III, Sections 311/312 of the Superfund Amendments and Reauthorization Act, this product is classified into the following hazard categories: Delayed Health, Fire

SECTION XVI OTHER INFORMATION
Information presented herein has been compiled from information provided to us by our suppliers and other sources considered to be dependable and are accurate and reliable to the best of our knowledge and belief but are not guaranteed to be so. We make no warranty as to the results to be obtained in using any material and since conditions of use are not under our control, we must necessarily disclaim all liability with respect to the use of any material supplied by us.
