

## Paintable Silicone #40 Molder Lubricant

## Product Information

Paintable Silicone #40 is used as a **Bed Lubricant for Molders, Planers & Shaping Machinery**. A fine mist is all that is required to prevent sticking and keep materials moving freely. Paintable Silicone #40 is also **used on Blades, Knives and Saws**. This reduces friction, providing a better cut and prolonging the life of the equipment. It is **Odorless & Stainless & PAINTABLE**. Wood can be painted, glued or stained without causing fisheyes.

### FEATURES
