

MR. CLEARCO FOOD GRADE SILICONE SPRAY (2007 formulation)

NSF H1 Registered Silicone Spray...VOC Compliant for Industrial Applications

13 oz. net wt (20oz can size)

Mr. Clearco Food Grade Silicone Spray is formulated for use in Food Packing and processing areas to prevent sticking & allow materials to slide easier. It prevents food buildups and cuts clean-up times to a fraction.

Mr. Clearco Food Grade Silicone Spray is registered with the NSF / USDA Nonfood Compounds Registration Program as an H1 lubricant with incidental contact with food for use in food processing areas. In addition, it meets FDA 21 CFR regulatory requirements as well.

In 2007, we reformulated Mr. Clearco Food Grade to meet California and OTC Compliancy for industrial applications. The product contains no hexane or acetone. In addition, it meets RoHS Compliancy as well. It is part of Clearco's Green line of products.

Features

- NSF / USDA H1 Approved
- Eliminates Sugar Build-ups
- Prevents Sticking
- Reduces Clean-up times
- Contains no hexane
- Contains no acetone
- California VOC Compliant for industrial applications
- Meets FDA CFR 21 Requirements 175.300 specifications
- Provides Slide
- Prevents Jamming of Equipment
- Protects Equipment
- RoHS Compliant
- OTC Compliant for industrial applications

Allows plastic wrapped products to slide

Prevents sugar-buildups

NSF H1 Registered

Food Processing

- Eliminates sugar build-ups and breakdowns when applied to filler tubes, Chrome plates and spray pumps
- Prevents food from sticking to conveyors, ovens, freezing trays, baking tins, knives, cooking coils, evaporators & other processing equipment
- Prevents sticking on chutes, bins, walls and surfaces. Keeps material moving and prevents adhesion of greases and oils.
- Lubricates surface of wood, metal, plastic, vinyl, rubber, leather etc.- eliminates squeaking

Food Packaging

- Prevents jamming of equipment caused by glues, adhesives, waxes etc.
- Allows cellophane, pilofilm, saran and vinyl polyethylene to move freely over sprayed surfaces.
- Eliminates carbon build-up on sealers and allied equipment. Materials will not adhere.
- Prevents glue from adhering and eliminates sticking when sprayed on rails, belts, stamps and grip fingers of labeling equipment.
- Protects machines from acid build-up, rust and other foreign elements

Properties

Can size	20 oz.
Net Wt.	13 oz. net wt.
Packing	12-13 oz. net wt. cans
Weight	14 lbs. per case
Food Grade Status	NSF/ USDA: registered as an H1 lubricant for incidental food contact FDA: meets CFR 21 Requirements
Active Ingredients	Pure Dimethyl Silicone Fluid
CAS Information	Liquefied Petroleum Gas CAS-68476-86-8 Heptane (hydrocarbon solvent) CAS-142-82-5 Dimethylpolysiloxane: CAS-63148-62-9

HOW TO USE

Spray a fine mist on the area to be treated. A fine spray is all that is required to keep materials moving on bins, chutes, walls & surfaces. It prevents sticking on buildups of sugar and food, allowing for fast cleanup at the end of the day or the shift.

SPECIAL FEATURES:

PERFORMANCE

Mr. Clearco is specially formulated for the food industry – ultimately **Speeds Production & Eliminates Downtime**

ENVIRONMENTAL

Mr. Clearco Food Grade contains no CFC's or any other Ozone Depleting Chemicals. It is Non-Toxic, Non-Staining & Greaseless. In 2007, the product has been reformulated. The new formulation contains no hexane or acetone in the formulation. It is VOC and OTC Compliant for industrial applications. In addition, it meets RoHS Compliancy.

NSF / USDA Registered

Mr. Clearco Food Grade Silicone Spray is registered with the NSD Non Food Compound Registration Program (a continuation of the USDA product approval and listing program), which is based on meeting regulatory requirements including FDA 21 CFR for appropriate use, ingredient and labeling.
